3. In his letter dated 8-4-53 the Collector of South Kanara has orted to the Board that it is the treasury Deputy Collector, South nara, who placed orders with the Karnataka Poly-technic for the pur- se of the articles of furniture referred to in his letter in a routine nner, without even obtaining the necessary allotment of funds. In reply of his letter dated 23-7-53 he has reported that it is Sri. P. Nara- ha who was in charge of the Treasury in June 52, for training when he ssed the indent for the furniture in question. It has been stated t the direction for the supply of the articles should not have been the draft PDI (Collector's Fol. 390/52 Accounts dated 2-6-5 enclosed) en he passed it, but it should have been added subsequently by the ction Head (Sri.D. Roberts) who is now in remand in connection with e case of defalcation in the treasury. But it has also been stated that the rnataka Polytechnic did not also adopt the usual procedure by furnishing otations and obtaining acceptance. Furniture - Supply to the Collector's office, Mangalore - Allotment of funds report.

In this office Pdl. 290/52 Accounts dated 2-6-52 an order was placed with the Karnataka Polytechnic Mangalore for the supply of five almirahs one pigeon hole almirah, one Junior Clerk's table and one wooden box for the use of the Treasury section in my office. In response to this offer the Principal, K.P. intimated to manufacture above said articles and get them ready for delivery at the end of March 1953.

2. The order for the supply of the furniture was placed in a routine manner by the then Personal Assistant to Collector without obtaining Collector's approval and without expression of detailed estimate. The quotations of the articles were received only in March 1953 from the Karnataka Polytechnic above mentioned. Provision in the budget could not be made as additional allotment could be applied for in the year 1952-53, hence out of the balance of the allotment available for the year 1952-53 the payment could be made. The articles were received from the Institute at a cost of Rs. 295/- and sent for payment after adjustment on 30-5-53.

3. There are still 5 almyrahs, one table and one wooden box which have to be purchased and the Principal of the Polytechnic has informed that the articles are ready for delivery. These articles of furniture are quite essential for the use of the treasury section in my office. The cost of the 5 almyrahs amounts to Rs. 1077-0-0 at Rs. 215-0-0 each and that of the table and wooden box amounts to Rs. 165/- at Rs. 92-0-0 and 72-0-0 each. The total expenditure of the account will be Rs. 1242-0-0 As the articles are now ready for delivery and as they are required for the use of my office, I request that the Board may be pleased to allot funds for their purchase from the Polytechnic Institute.

The Karnatak Polytechnic, Mangalore has since intimated that the box and the table out of the items indented for have already been disposed otherwise and that only 5 almyrahs are now remaining for disposal

2. For a personnel of 30 Accountants including the Huzur Head Accountant Huzur Treasurer, there are now 11 pigeon holes and 10 almyrahs. Some of the Accountants who have to maintain a large number of registers and files for ready reference are in real need of almyrahs. They are now keeping their records and registers in boxes and for want of space, registers are kept over the boxes and benches. I understand that an almyrah used for storing stamps was removed from the Treasury strong room, for stocking (to keep) service registers etc. for want of almyrahs with the concerned clerk. The need for some more almyrahs was therefore felt.

3. I, however, find that no provision had been made for the purchase of the furniture in question. The consolidated periodical register of the office shows that the annual indent for furniture is due for the Treasury Deputy Collectors of ice. The present Treasury Deputy Collector Mr. V. Narasimha Rao is in charge of the Treasury since June 52 for six months. The indent was raised in the treasury counter. The table and

It was not intended that in order to manufacture the articles straightaway and that the direction for the supply of the articles would not have been there when the case file of the concerned Section (Sri. A. Ouerts) was in connection with the case of deflection in this Treasury. The office copy of the draft is submitted for perusal and return. It is noteworthy that the principal of the local technical college to manufacture the articles straightaway without the usual procedure of furnishing quotations and obtaining acceptance.

The cost of 5 almyrahs is Rs. 1077-8-0. In these circumstances I request sanction to incur the expenditure.
